RFATS 4/26/2024 noon Policy Committee SRTS FMHS Walkability Study Planning

- Slides:
  - Collaboration is #1
  - Keep "What is SRTS" - Dr. Dave
  - Change speakers on slide; ask Luther
  - Draft talking points for everyone presenting
  - Moment of silence; **killing** of the crossing guard, **Stanley Brucker**, preventable - car vs. pedestrian
- Invite FMSD Board Diane Dasher (former; walked), Kristy Spears (chair), Scott Frattaroli (planned to walk)
- Recognize all who participated - have them stand up or raise hands. Ask if CAC members and Diane Dasher have anything to add
- Be prepared with a media statement/press release for reporter.
- Wholespire would be interested to push this out around the state.
- RFATS Policy Committee meeting will not be livestreamed or recorded. Joanne Burkett will request from state level to make it virtual. Duda to share David Hooper and RFATS Policy Committee Chair contact info.
